

Tesla Inc. Property Documents and Asset Register

tesla

Prepared on 2026-07-18T13:43:39

1. Corporate Headquarters and Registered Office

Tesla Inc. is headquartered at 1 Tesla Road, Austin, Texas, 78725, USA, serving as its registered office and primary administrative center. The facility spans 2,500 acres and includes corporate offices, research and development labs, and a visitor center. The property is owned in fee simple by Tesla Inc., with a current market valuation of \$1.2 billion as of Q2 2026, based on an independent appraisal conducted by CBRE Group.

The title deed for the Austin headquarters is registered under Tesla Inc. (CIN: C0278187) and is free of encumbrances, as verified by the Travis County Clerk's Office. The property is zoned for mixed-use (commercial, industrial, and research), aligning with Tesla's operational requirements. Annual property taxes for 2026 are estimated at \$12.4 million, paid in full as of July 15, 2026.

Property Attribute	Details
Address	1 Tesla Road, Austin, Texas, 78725, USA
Ownership Status	Owned (Fee Simple)
Title Deed Number	TX-2020-456789
Land Area	2,500 acres
Built-up Area	4.2 million sq. ft.
Current Valuation	\$1.2 billion (CBRE Appraisal, Q2 2026)
Property Tax (2026)	\$12.4 million (Paid in Full)
Zoning Classification	Mixed-Use (Commercial/Industrial/Research)

2. Manufacturing Facilities and Production Plants

Tesla Inc. operates four primary manufacturing facilities in the USA, each critical to its production capacity and supply chain. These facilities are a mix of owned and leased properties, with a combined valuation of \$8.7 billion as of July 2026. The following table summarizes the key details of each facility.

	Location	Ownership Status	Land Area	Built-up Area	Valuation (2026)	Lease
	1 Tesla Road, Austin, TX	Owned	2,100 acres	10 million sq. ft.	\$4.5 billion	N/A
	1 Electric Ave, Sparks, NV	Owned	3,200 acres	5.3 million sq. ft.	\$2.8 billion	N/A
denburg	Eichenstraße 1, Grünheide, Germany	Leased	300 hectares	1.2 million sq. ft.	\$1.1 billion	2036
	45500 Fremont Blvd, Fremont, CA	Leased	370 acres	5.3 million sq. ft.	\$300 million	2040

3. Equipment and Machinery Register

Tesla Inc. maintains a detailed register of its high-value equipment and machinery, which forms a significant portion of its tangible assets. The following table lists the top five categories of equipment by book value, along with their depreciation status and ownership details. All equipment is either owned outright or financed under long-term leases with no material encumbrances.

Equipment Category	Book Value (2026)	Depreciation Method	Ownership Status	Location
attery Production Lines	\$1.8 billion	Straight-Line (10 years)	Owned	Gigafactory Texas/Neva

Equipment Category	Book Value (2026)	Depreciation Method	Ownership Status	Location
Automated Assembly Robots	\$950 million	Straight-Line (7 years)	Owned	Fremont Factory
Stamping Presses	\$420 million	Double Declining Balance (5 years)	Financed (Leased)	Gigafactory Texas
Painting Machines	\$380 million	Straight-Line (8 years)	Owned	Gigafactory Nevada
Printing Systems	\$210 million	Straight-Line (6 years)	Owned	Austin HQ/R&D Lab

4. Intellectual Property and Patents

Tesla Inc. holds a robust portfolio of intellectual property (IP), including patents, trademarks, and trade secrets, which are critical to its competitive advantage. As of July 2026, Tesla’s IP portfolio is valued at \$5.3 billion, based on an independent assessment by Ocean Tomo. The following table highlights the key IP assets and their status.

Type	Description	Registration Number	Jurisdiction	Valuation (2026)	Expiry Date
Patent	Electric Vehicle Battery Technology	US10,123,456	USA	\$1.2 billion	2038
Patent	Autopilot AI Software	US11,234,567	USA	\$980 million	2040
Trademark	Tesla Logo and Branding	US Reg. No. 4,567,890	USA/EU/China	\$850 million	Indefinite (Renewable)
Patent	Gigacasting Manufacturing Process	US12,345,678	USA	\$720 million	2039
Trade Secret	Battery Chemistry Formulation	N/A (Confidential)	Global	\$1.5 billion	N/A

5. Lease Agreements and Obligations

Tesla Inc. has entered into several long-term lease agreements for its manufacturing and office facilities. The following table summarizes the key lease obligations, including annual rent, lease terms, and lessor details. All leases are compliant with ASC 842 (Leases) and have been disclosed in Tesla’s financial statements.

	Lessor	Lease Term	Annual Rent (2026)	Total Lease Obligation	Status
North-Brandenburg	Brandenburg State Development Corporation	2020-2036	\$45 million	\$720 million	Active
	City of Fremont Industrial Development Authority	2010-2040	\$32 million	\$960 million	Active
R&D)	Stanford Research Park	2018-2033	\$18 million	\$270 million	Active
ery (Solar)	State of New York	2014-2034	\$22 million	\$440 million	Active

6. Property Insurance and Risk Mitigation

Tesla Inc. maintains comprehensive property insurance coverage to mitigate risks associated with its real estate, equipment, and intellectual property. The following table outlines the key insurance policies in effect as of July 2026, including coverage limits and insurers. All premiums are paid in full for the 2026 policy year.

Insurance Type	Insurer	Coverage Limit	Annual Premium (2026)	Policy Expiry
Property All-Risk	AIG	\$10 billion	\$24 million	December 31, 2026
Equipment Breakdown	Chubb	\$2 billion	\$5.2 million	December 31, 2026
Business Interruption	Zurich	\$1.5 billion	\$3.8 million	December 31, 2026
Intellectual Property Infringement	Lloyd's of London	\$500 million	\$1.5 million	December 31, 2026
Cyber Liability (IP Protection)	Beazley	\$300 million	\$950,000	December 31, 2026

7. Compliance and Regulatory Certifications

Tesla Inc. ensures compliance with all applicable property, environmental, and safety regulations across its facilities. The following table lists the key certifications and permits held by Tesla as of July 2026, along with their validity and issuing authorities.

Certification/Permit	Issuing Authority	Facility	Validity	Compliance Status
Environmental Protection Agency (EPA) Permit	U.S. EPA	All USA Facilities	2026-2029	Active
OSHA Workplace Safety Certification	U.S. Department of Labor	All USA Facilities	2026-2027	Active
ISO 14001 (Environmental Management)	DNV GL	Gigafactory Texas/Nevada	2025-2028	Active
ISO 45001 (Occupational Health & Safety)	SGS	Fremont Factory	2024-2027	Active
Fire Safety Certificate	Local Fire Departments	All Facilities	2026-2027	Active

8. Asset Valuation and Financial Impact

The total book value of Tesla Inc.'s property, plant, and equipment (PPE) as of June 30, 2026, is \$18.2 billion, with a net book value of \$12.4 billion after accumulated depreciation. The following table provides a breakdown of Tesla's PPE by category, along with the corresponding financial impact on its balance sheet.

Category	Gross Book Value (2026)	Accumulated Depreciation	Net Book Value (2026)	Annual Depreciation Expense
Land	\$2.1 billion	\$0	\$2.1 billion	\$0
Buildings and Improvements	\$8.5 billion	\$2.3 billion	\$6.2 billion	\$420 million
Vehicle Fleet and Equipment	\$6.8 billion	\$3.1 billion	\$3.7 billion	\$680 million
Intangible Assets and Improvements	\$800 million	\$200 million	\$600 million	\$80 million
Leasehold Property	\$5.3 billion	\$1.5 billion	\$3.8 billion	\$350 million
